LIMITED LIFETIME WARRANTY

Carolina warrants products it manufactures against defects of material and workmanship under normal use and service for the life of the product to the original purchaser. This warranty shall not apply to any products which have been subjected to misuse, accidents, abuse, abnormal usage, negligence, improper maintenance, damaged in transportation or whose original construction has been altered by someone other than Carolina or its authorized agents. No unauthorized person, agent or dealer may give further warranties on behalf of Carolina.

(Please note: Because of natural variations on materials over which Carolina has no control, this warranty does not extend to color, grain or texture of wood, leather or upholstery cover.)

Normal aging and wear of fabrics, filling materials and finishes are exempted from this warranty. Carolina shall not be responsible for any expenses incurred by purchaser to repair or replace any product unless Carolina gave prior express written consent agreeing to reimburse purchaser.

In the event any product has to be returned to the factory for verification of a complaint, it must be pre-authorized by the factory and shipped prepaid along with written information containing the name of the original purchaser, original invoice number, and a copy of the original purchase order.

As purchaser's sole and exclusive remedy under this warranty, Carolina, at its option, will repair or replace the damaged product or parts that meet the terms and conditions of this warranty at no charge to the original owner of record, and will pay the freight charges provided Carolina has previously authorized the replacement or return.

Except as stated above, Carolina makes no other expressed warranties and disclaims all implied warranties as to any product, including warranty of merchantability and fitness for any particular purpose. Carolina shall not be liable for any consequential or incidental damages. This warranty is applicable only to those parts actually manufactured by Carolina.

Exceptions to the lifetime warranty:

- Recliner Mechanisms (Modern Amenity, Orchestra and Voyage) **10 years**
- Three position recliner & wall saver mechanisms (Amenity, Coronado, Modern Amenity, Orchestra Mini & Voyage) **5 years**
- Recliner components, sleeper chair mechanisms and accessories **5 years**
- All drawer glide suspensions **Lifetime**
- All locking mechanisms **Lifetime**
- All door hinges **12 years**
- Door latches **12 years**
- Drawer pulls **12 years**
- Task lights **3 years**
- Power supplies **1 year**

On product furnished by Carolina, but with components or equipment manufactured by others, including, but not limited to, foam, mechanisms, casters and textiles, the written warranty, if any, of the manufacturer is assigned to the purchaser.

ORDERING INFORMATION

All orders should be placed with:

Carolina
P.O. Box 4398
Archdale, NC 27263
800-763-0212 Fax 336-431-9400
oenc@ofsbrands.com

ORDERS MUST INCLUDE

- Company name, address, telephone and fax number
- Contact person
- Authorized signature
- Purchase order number
- Sold to address & ship to address
- Order Date
- Requested ship date
- Complete style number
- Fabric/Vinyl/Leather grade, vendor, pattern and color
- Correct Net Dealer pricing
- Any special instructions
- CDA (if applicable)

NOTE: A customer drawing or sketch of the planned configuration in modular applications will facilitate order processing.

PRICES

All prices herein are list prices including delivery to one destination, effective with the date printed on the cover, and supersede all other published price lists. US List Prices are domestic prices only for shipment within the Continental United States. Prices are subject to change without notice, unless quoted in writing. Possession of the price list does not constitute authority to sell or offer for sale Carolina products.

ACKNOWLEDGMENTS

Orders are acknowledged upon receipt of credit approval. Your acknowledgment is a detailed description of items, prices, shipping information and shipping date. Please read your acknowledgment closely and notify Carolina immediately of any discrepancies. Carolina is not responsible for errors on orders placed by phone without written confirmation.

AVAILABILITY

Carolina is committed to the fastest possible shipment of all products. All other items are available within our normal manufacturing schedule. For information on stock availability, call our customer service hotline 800-763-0212.

Note: Planned shipping dates may be delayed due to fires, strikes, natural disasters or other causes beyond our control.

QUANTITY ORDERS

Contact your Carolina Customer Service Representative to verify inventory and production schedules to ensure requested shipment date prior to placing large quantity orders.

DELIVERY AND FREIGHT CHARGES

All shipments are F.O.B. point of shipment, freight prepaid and allowed, excluding fuel surcharges. Shipments outside of the Continental United States are freight prepaid and allowed to port of exit. Carolina reserves the right to select the most appropriate carrier and routing on all shipments; however, we will try to accommodate requests for your preferred carrier. Carolina reserves the right to implement a fuel surcharge. Orders of less than \$1500 net will be assessed a handling charge of \$100 net per order. Any charges arising from failure to receive a shipment, rerouting while in transit or carrier storage charges are not included in prices shown. Orders requiring special services are subject to an additional charge.

These services include:

- Reconsignment from original destination to new destination..... **\$.35 plus \$3.00 per mile net**
- Refused/Returned Freight
 - Freight refused at destination and returned to First Office..... **Double Freight**
 - Freight refused at time of delivery; returned to First Office to deliver at a later date..... **Triple Freight**
- Detention Fees (after 2 hours of waiting)..... **\$85 net per hour**
- Weekend delivery available Friday after 3:00 p.m. through Sunday night or Holiday..... **\$600 net per truck**
- Customer Pickup
 - Customer Request for 3rd party to pick up freight at First Office terminal..... **\$125 net**
- Change of Tags/Address/Phone #'s on Shipments..... **\$35 net**

SPECIAL ORDERS

The Carolina line of furniture is among the most complete in the industry. However, should a particular need arise requiring size modification or customization, contact your Customer Service Representative for a price quotation. Because of the uniqueness of the product, special orders are not subject to cancellation.

CANCELLATION AND ORDER CHANGES

All orders accepted by Carolina are considered firm and binding and are not subject to cancellation.

WAREHOUSE STORAGE CHARGES

If a shipment is held beyond fourteen (14) calendar days after the order is ready for shipment at your request, a .067% per day (2% per month) storage charge will be assessed. The effective date will be fourteen (14) calendar days after the order is ready for shipment, as long as this date is after the acknowledged ship date. Further, the prices applied to the order will be those prices in effect at time of shipment.

EXTENDED PRODUCTION AND SHIP DATES

Orders placed with Carolina with extended lead times as requested by you will be subject to price in effect at time of shipment.

DAMAGED MERCHANDISE AND FREIGHT CLAIMS

1. Inspect all cartons for damage and carton quantity. All shipments are delivered to the transportation company in good condition; Carolina's liability ceases at this time. Do not refuse merchandise damaged in transit. Instead, enter a claim with the transportation company.
2. Record damages and/or shortages on the bill of lading and freight bill. Do not accept the shipment until all shortages are noted on both the bill of lading and the freight bill. Sign only for the items you receive. If you give the delivering carrier a clear receipt for a shipment, the carrier is relieved of further responsibility.
3. If concealed damage is found: Notify the delivering carrier at once and request an inspection. For shipments via Styline Logistics, notify your Carolina Customer Service Representative. This must be done within fifteen (15) calendar days of delivery. Without this inspection the transportation company will not entertain a claim for loss or damage. If the carrier will not perform the inspection, you should prepare an affidavit that you contacted the carrier, noting the time and date, and that the carrier failed to comply with your request. All shipping cartons and inner packing must be retained for carrier inspection. Do not move the damaged merchandise from the receiving location. It must also be retained for the inspection.

RETURN OF MERCHANDISE

Carolina will not accept returned merchandise without a signed Return Authorization (RA) issued by our Customer Service Department. All returned merchandise must be properly packaged and cartoned to prevent further damage. Carton must be clearly marked with identifying RA number so that proper credit can be issued. We will consider issuing RAs for the following reasons:

- Manufacturing defect (must be inspected by a Carolina Sales Representative)
- Carolina order processing error
- Shipping error
- Duplicate shipments
- Mismarked cartons

All merchandise must be returned within thirty (30) days of the date of the RA to receive credit. Freight damage, signs of usage, missing parts, etc. will be adjusted on the amount of credit to be issued.

REPAIR CHARGES

Reimbursement from Carolina for repairs must have prior approval.

BIFMA AND ANSI TESTING

Carolina is a member of the Business and Institutional Furniture Manufacturer's Association. Tests developed by BIFMA and approved by the American National Standards Institute (ANSI) determine the strength and durability of casegoods and seating in its everyday use. Although this testing does not serve as a warranty or guarantee, Carolina products within this price list generally meet or exceed applicable BIFMA and ANSI standards.

MODIFICATION PRICING

Modifications must be clearly designated on customer's purchase order by placing the letters MOD and modification # in front of the model number and noting the modification needed.

Example: MOD#3-4-310-22RD-A8S-MNW-BSW Add Grommet

GLIDES

Carolina utilizes different types of glides in our seating and occasional tables construction, ie: non-marring, non-skid glides, adjustable glides, plastic glides, etc. The type of glide used in a product depends on the products design and typical application. Due to varying flooring materials and our inability to test on all flooring types, Carolina assumes no responsibility for floors damaged by glides. For questions regarding glides, or to request specific glides contact Customer Service.

FIRE RETARDANT PRODUCTS

FIRE RETARDANT PRODUCTS

California Technical Bulletin 117-2013: All Carolina upholstered seating products and the resilient filling materials used in the upholstered seating products meet or exceed the requirements of the State of California, Department of Consumer Affairs, Technical Bulletin 117-2013. Compliance with these requirements is indicated by the label attached to the seat bottom.

Flame Retardant Chemicals: All standard Carolina upholstered seating products are offered with components, as identified in TB117-2013, that are free of flame retardant chemicals. All Carolina upholstered seating products will indicate Flame Retardant chemical composition in accordance to the labeling requirements of California Senate Bill 1019.

California Technical Bulletin 133: Cal TB 133 is a flammability test for seating products used in public spaces. The testing procedure for Cal TB 133 requires the burning of an entire product since the test is a composite test and not a component test. Carolina has pretested and certified many different chair styles and upholsteries. If Cal TB 133 certification is required, a burn test may need to be completed with a specific model and upholstery combination. Contact Customer Service for Cal TB 133 approval, pricing and lead times.

Carolina can not be held liable if purchase order does not indicate a requirement for Cal TB 133 compliance.

Boston Fire Code: Please contact Carolina Customer Service if compliance is required.

TEXTILES

TEXTILES

Carolina offers an extensive program of graded-in textiles including fabrics, leathers, vinyls, polyurethanes and Cryptons® from the industry's finest sources. While our binders may not include cards from every supplier, we do maintain programs with the following:

NOTE: For a list of current Carolina grade visit the textiles section of the Carolina website at:

www.carolinabusinessfurniture.com/tools/textiles

FABRIC PARTNERS

— ARC-COM www.arc-com.com	— GREEN HIDES www.greenhides.com

— HELVETIA LEATHER www.helvetialeather.com	— STINSON www.cfstinson.com
— DESIGNTEX www.designtex.com	— ULTRAFABRICS www.ultrafabricsllc.com

FABRIC PUDDLING

The content of certain fabrics makes these fabrics susceptible to puddling and wrinkling over which Carolina has no control. Slight changes in weather and humidity can affect these fabrics. Carolina will not assume responsibility when this happens.

FABRIC COLOR MATCHING

Carolina does not guarantee and will not assume responsibility for the fastness of colors or wearing qualities of any material. Because of industry dye lot variations, colors may not match exactly. Any adjustments made will depend upon the fabric manufacturers willingness to stand behind their product.

CUT YARDAGE FABRICS

Cut yardage from any Carolina Textile partner may be purchased through Carolina. Contact Customer Service for cut yardage pricing.

DIRECTIONAL FABRICS

Directional fabrics such as plaids, stripes and certain patterns may not meet your expectations due to certain sewing patterns, tufting and contoured shapes of certain styles and models. When required we will upholster to customer specifications but such orders are not subject to return. If you have a question or concern about one of these fabrics, please contact your Carolina Customer Service Representative and submit a fabric sample for approval prior to placing an order.

FABRIC APPLICATION

Carolina will match all fabrics that require matching such as plaids, stripes, or prints. Unless otherwise noted on the customer's purchase order, Carolina will apply textiles to upholstered items in the manner which we deem to be most appealing. Carolina takes no responsibility for the direction in which textiles are applied unless the desired direction is notes on the customer purchase order. Carolina reserves the right to reject textiles we deem unsuitable for application on our products.

GUARANTEE

Although every effort is made to select covering materials for wearability as well as appeal, we CANNOT guarantee covers for wearability or colorfastness. We can extend only that guarantee which the supplier extends to us.

COM (CUSTOMER'S OWN MATERIAL) & GRADED-IN TEXTILE POLICY

Carolina will evaluate the fabric to determine if it is possible to use this type of fabric on our furniture, but this does not warrant or determine the performance of the fabric. Any warranty claims for these upholstery materials will fall to the original vendor of the fabric, not Carolina. With a broad spectrum of harsh cleaning agents used by facilities, Carolina recommends that the owner test each fabric selection with their specific cleaning methods before ordering.

COM/COL ORDERING INSTRUCTIONS

1. Send 4" x 4" swatch for approval to: Carolina, Attn: Customer Service, 1264 Jackson Lake Rd, High Point, NC 27263.
2. Send a swatch along with the order to: Carolina, Attn: Customer Service, 1264 Jackson Lake Rd, High Point, NC 27263.
This sample is used to verify that the correct fabric is received. It is not used for application approval.
3. Specify the COM or COL supplier's company name, pattern, color and number.
4. The COM or COL supplier must include the dealer name and purchase order number on all packing lists.
5. Include application instructions for striped, plaid, patterned or unusually designed fabrics (i.e. direction of stripes) and which face to use on reversible fabrics.
6. Ship COM or COL material prepaid to: Carolina, 533 Archdale Blvd, Archdale, NC 27263.

COM and COL orders will be scheduled for production only upon receipt of production yardage. In the absence of a representative sample sent with the purchase order or application instructions, Carolina will apply the fabric in what it determines to be the best manner and cannot be held responsible after upholstering. **Excess COM/COL materials will be discarded at the discretion of Carolina unless otherwise instructed by the customer at the time the order is placed.**

COM YARDAGE REQUIREMENTS

Yardage requirements listed in our price list are based on 54" wide. We can take no responsibility for tailoring, wearability or application of COM covers. Carolina is not held responsible for receipt of defective fabrics, as we apply all COM as first quality goods. At no additional charge, Carolina will pre-approve any COM at the customer's request. The additional yardages are based on 54" wide goods. Please contact Customer Service if goods are less than 54" wide. Though every effort has been made to estimate excess yardage required for stripes and matches, Carolina takes NO responsibility where additional materials must be ordered.

Repeat	Railroaded (RR)	Right Way (RW)	2-Way
1/4"-5"	Add 10%	Add 15%	Add 15%
6"-9"	Add 15%	Add 18%	Add 20%
10"-13"	Add 20%	Add 25%	Add 30%
14"-20"	Add 25%	Add 30%	Add 35%
21"-27"	Add 30%	Add 35%	Add 40%
28"-34"	Add 35%	Add 40%	Add 45%

COM APPLICATION

Carolina will match all fabrics that require matching such as plaids, stripes or prints. Unless otherwise noted on the customer's purchase order, Carolina will apply textiles to upholstered items in the manner which we deem to be most appealing. Carolina takes no responsibility for the direction in which textiles are applied unless the desired direction is noted on the customer purchase order. Carolina reserves the right to reject textiles we deem unsuitable for application on our products.

COM FIRE RETARDANT PRODUCTS

OFS Brands assumes no responsibility for the fire retardancy of any COM/COL. Customers are solely responsible for making sure that their COM/COL complies with all applicable codes and regulations.

COL (CUSTOMER'S OWN LEATHER)

COL requirements are based on an average hide size of 50-55 square feet. Contact Customer Service for requirements on sizes different from this. Square footage requirements are based on usable footage, the shape of the hide and usable footage may require us to request more leather after COL is received. Leather is a natural product and variation in texture is a quality belonging exclusively to high grade, full top grain leathers. Due to the variation in thickness, OFS Brands recommends sending a 4" x 4" swatch for approval. OFS Brands approval signifies only that such materials can be applied to products for which they are intended. Approval does not constitute any responsibility nor any warranty on the part of OFS Brands as to the appearance, behavior or durability of the COL.

Note: Calf hide requirements will vary based on the chair model selected. Please contact the sales office for pattern adaptability confirmation and square footage requirements prior to placing an order.

veneers and finishes

FINISH

The patented Euroluxe™ finish is a chemically re-engineered Urethane clear coat that preserves the beautiful depth and clarity of OFS Brands' finishes, but allows for much greater performance with chemical and scratch resistance, as well as the complete elimination of dangerous formaldehyde emissions. The Euroluxe™ finish system achieves indoor air quality standards set by LEED and BIFMA furniture emission standards and allows all products to achieve SCS Global Services' Indoor Advantage Gold Certification. SilverBan™ technology is an antimicrobial utilizing silver ions infused into the Euroluxe™ wood finish for antimicrobial protection on all exposed wood surfaces. SilverBan™ inhibits the growth of mold, mildew, fungus and bacteria on wood surfaces, as well as odors caused by bacterial growth, by 99.99%.

HARDWOOD SPECIES

Carolina utilizes Maple or European Beech primarily to manufacture most solid hardwood chair frames and occasional tables. The wood species is noted with each model. Carolina reserves the right to change wood species for improved construction and method of manufacturing.

NOTE: Wood finish names on are a description of finish color ONLY and do not indicate the wood species of a chair frame or occasional table to which they will be applied.

CUSTOM FINISH COLOR

Custom finish matching is available for special requirements. First Office must be provided with a suitable 8" x 10" or larger finish sample. However, custom finishes can be developed to meet specific needs. There will be a \$300 net upcharge per order for new custom finishes (waived on projects of \$100,000 list price or more). Custom finish upcharge for repeat or additional orders will be \$150 per order, even when the upcharge was waived on the original project. Custom finish matches are valid for 12 months from sample date. After this time period, custom finishes must be rematched and reapproved for use.

FINISH DISCLAIMER

Some desktop accessories with plastic feet can penetrate or burn the finish. This is not a defect in the finish. Wood is a natural product and minor variations in wood color, grain and texture may be visible even though the pieces are finished at the same time. Also, light finishes when exposed to ultraviolet rays may darken and change color. These are not defects in finish, and merchandise cannot be replaced because of these natural variations.

HPL, TFL & 3DL

High Pressure Laminate (HPL)

HPL is produced by saturating multiple layers of kraft paper with phenolic resin. A layer of printed décor paper is placed on top of the kraft paper before pressing and is then fused together under heat and pressure. HPL is laminated to a panel and then attached to a substrate. Due to its durability, HPL is a common choice for horizontal surfaces. It also performs well in horizontal and vertical applications for high traffic settings such as office furniture, healthcare, casework, commercial, healthcare and educational facilities.

Thermally Fused Laminate (TFL)

TFL is made by fusing a resin-impregnated sheet of décor paper directly to a substrate, the resulting panel is ready for finishing. Heat and pressure activate the resin in the saturated TFL sheet creating a cross-linked bond with the substrate, which effectively seals it. Due to the performance, design flexibility and cost advantages, TFL offers an excellent option for designers and specifiers. TFL is a durable choice for office furniture, healthcare, casework, commercial, healthcare and educational facilities.

3D Laminate Thermally Fused Laminate to a Continuous Edge Profile (3DL)

Known as rigid thermoformable foil (RTF), three-dimensional laminate (3DL) is a thermoplastic film overlay. It provides end users the freedom to design components with contoured surface profiles and seamless edges without requiring edge treatments. 3DLs are primarily made of polyvinyl chloride (PVC) and polyester (PET) films. They can be seamlessly membrane pressed or vacuum formed around contoured components, including edges. 3D laminates are resistant to chipping, cracking or breaking. In addition, their application seals the core panel substrate from bacteria and moisture, which make them a popular choice in healthcare settings.

PRODUCT CARE GUIDE

WOOD CARE

Careful craftsmanship combined with our Eurolux finish makes your new Carolina wood furniture incredibly durable, and with proper care your furniture will provide beauty and convenience for years.

All Carolina products undergo rigid color-match procedures to ensure the best in color consistency.

- Dust frequently using a soft, damp, clean cloth, wiping with the grain.
- Remove liquid spills immediately, using a blotting rather than wiping motion.
- To clean, use a glass cleaner formulated with ammonia. Apply a small amount to a soft dry cloth and wipe in the direction of the grain. Dry with a soft cloth. Do not use furniture polish containing oil or silicone.
- Avoid prolonged exposure to direct sunlight, high humidity, extreme heat or cold and moisture.

LAMINATE CARE

- Avoid prolonged exposure to direct sunlight, high humidity, extreme heat or cold and moisture.
- Dust frequently with a soft, damp, clean cloth or mild detergent solution. Avoid using chemical or abrasive cleaning compounds.
- To avoid build up of cleaning agents, rinse the laminate surface with warm water and wipe with a clean damp cloth.

SEATING CARE

- Dust exposed wood parts frequently using a soft, damp, clean cloth, wiping with the grain.
- To clean wood, use a glass cleaner formulated with ammonia. Apply a small amount to a soft dry cloth and wipe in the direction of the grain. Dry with a soft cloth. Do not use furniture polish containing oil or silicone.
- To clean leather and vinyl upholstery, use a warm, damp cloth to restore a bright finish. For stubborn stains, use a moisturizing soap. Remove lather with a damp cloth, but do not rinse. Buff with a dry cloth.
- For fabric upholstery, use a damp cloth to wipe up spills. For tougher stains, contact your local Carolina dealer for cleaning instructions.
- Avoid prolonged exposure to direct sunlight, high humidity, extreme heat or cold and moisture.
- The components of your Carolina chair, such as controls, casters and understructure, require "common sense" care and cleaning as necessary.
- Activate chair mechanisms periodically to ensure proper function of moving parts.

QUICKSHIP

PLEASE REFERENCE OUR QUICKSHIP PRICEBOOK FOR A COMPLETE LISTING OF AVAILABLE PRODUCT OFFERED ON OUR QUICKSHIP PROGRAM.

ENVIRONMENTAL ATTRIBUTES

The patented **Euroluxe™ with SilverBan™ finish** is a chemically re-engineered Urethane clear coat that preserves the depth and clarity of OFS Brands finishes and achieves SCS Global Services' Indoor Advantage Gold Certification. SilverBan™ technology utilizes silver ions infused into the Euroluxe™ wood finish for anti-microbial protection on all exposed wood surfaces.

All OFS Brands products have achieved **SCS Indoor Advantage Gold Certification** from SCS Global Services. Indoor Advantage Gold certification is SCS Global Services' highest level of indoor air quality performance for furniture. The certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs). To be certified, products must be tested by independent labs for compliance with the ANSI/BIFMA X7.1, and either ANSI/BIFMA e.3 or CDPH/EHLB Standard Method V1-1 for VOC emissions of concerns.

level® is the multi-attribute, sustainability standard and third-party certification program for the furniture industry. It has been created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment. Taking into account a company's social actions, energy usage, material selection and human and ecosystem health impacts, level addresses how a product is sustainable from multiple perspectives. With level, customers can make informed choices about commercial furniture that exceed single attribute ecocertifications. The level brand identifies that a product has been vetted by an independent third party certifier and its numeric marking 1, 2, or 3 indicates what threshold of certification it has achieved. Manufacturers—big and small—now have a methodology to present the environmental characteristics in a clear, easily understood manner with a vernacular that gives end users the ability to make an "apples to apples" comparison.

SCS Global Services [**SCS**] has been providing global leadership in third-party quality, environmental and sustainability verification, certification, auditing, testing, and standards development for three decades. Its programs span a cross-section of industries, recognizing achievements in green building, product manufacturing, food and agriculture, forestry, power generation retail, and more. SCS is accredited to provide services under a wide range of nationally and internationally recognized certification programs. Consistent with its mission, SCS is a chartered benefit corporation and Certified B Corp™, reflecting its commitment to socially and environmentally responsible business practices.

The FSC® standards [**Forest Stewardship Council®**] represent the world's strongest system for guiding forest management toward sustainable outcomes. us.fsc.org FSC certified products are manufactured with material that comes from managed forests that are traceable from the time the logs are cut to the time the final project is installed and are recorded by way of a COC or chain of custody claim on all invoices. The demand for certified forest products has grown significantly in recent years. OFS Brands' goal to act as a responsible steward of the environment encouraged us to pursue our FSC Chain of Custody [COC] certification which would provide our customers (Dealer, A&D Community and End-users) the added reassurance they've done their part to be earth friendly in their product purchase and enable them to substantiate the LEED [**Leadership in Energy and Environmental Design**] Materials & Resources Credits for certified wood, in which the intent is to encourage environmentally responsible forest management. FSC certification is optional on many, but not all, OFS Brands' product lines. Please contact OFS Brands Customer Service for information in regards to which of our product lines are available as FSC certified, and what the necessary procedures are for ordering FSC certified products from OFS Brands.

OFS Brands' company-owned transportation company, Styline Logistics, is **SmartWay**-certified. SmartWay is one of U.S. Environmental Protection Agency's [**EPA**] clean air programs that uses voluntary, rather than regulatory methods, to achieve air quality benefits. SmartWay's focus is in the transportation sector, and encompasses products and services associated with fuel-consuming engines.

The "**Premium Indiana Forest Products**" brand tells everyone that there is an abundant, sustainable supply of the finest Indiana hardwoods to meet consumer demand. It also tells them that Indiana's forests are well-managed, legally-harvested and environmentally responsible. The logo is reflective of the wood itself. Indiana hardwoods display a depth that defies imagination.

PRODUCT REFERENCE | MOISTURE BARRIER & MODIFICATION LIST

Moisture Barrier

Moisture Barrier is designed to prevent moisture from penetrating the foam and other filling materials and is available on most items at an additional charge. Moisture barrier is applied between the upholstery cover and filling materials.

Please use the following option codes when specifying placement of moisture barrier:

- B1V** Moisture barrier on seat only
- B1W** Moisture barrier on back only
- C1R** Moisture barrier on seat and back
- C1S** Moisture barrier on seat and arms
- C1T** Moisture barrier on arms only
- C1U** Moisture barrier on back and arms
- C1V** Moisture barrier on seat, back and arms

- Seat**
- \$54 chair**
- \$108 loveseat**
- \$162 sofa**

- Back**
- \$54 chair**
- \$108 loveseat**
- \$162 sofa**

- Arms**
- \$54 per arm**

Seating with 2 Different Fabrics

- Two Same Grade Fabrics = \$81 chair, \$108 loveseat, \$135 sofa
- Two Different Grade Fabrics = Higher of the Two
- Three Different Grade Fabrics = Highest of the Three

NOTE: Contrasting welt only available in a single fabric. Two-toned welt is not available.
(two-tone diagram required from customer at time of ordering - contact customer service)

- Same Grade Fabrics -**
- \$81 chair**
- \$108 loveseat**
- \$135 sofa**

mod#	modification detail	list price
MOD#3	Move or Add Grommets (customer to specify location)	\$61 Each
MOD#25	<p>Fabric Treatment Applications</p> <p>A number of protective fabric finishes (e.g. Nanotex, Durablock) are available through various fabric vendors. For these special finish treatments the following upcharges will apply. These upcharges will show as a separate line item on order acknowledgements.</p> <p>Any special fabric treatments should be clearly indicated on the purchase order.</p> <p>NOTE: For yardage over 35 yards contact Customer Service for pricing.</p>	<p>One Application up to 35 yds -</p> <p>\$225 per fabric</p> <p>Two Applications up to 35 yds -</p> <p>\$325 per fabric</p>

Liability Clause:

This pricing structure represents the more commonly requested product modifications. Although these modifications can be applied to the vast majority of products listed in our price books, some modifications cannot be applied to products with non-standard design features. Please contact your Customer Service Representative if you require assistance.

Wood Species	Arm Caps	Finish	Fabric 1
A8S	A3	MHM	Grade 5, Momentum, Row, Breeze

MODERN AMENITY LOW BACK, OPEN ARM LOUNGE STANDARD FEATURES

- Upholstered Seat and Back
- Open Arm Frame **with** Wood Arm Cap is Standard
- Spring Seat Construction
- Tight Cushion
- Specify European Beech or American Ash Exposed Wood
- Tall Wallsaver Design
- Euroluxe® with SilverBan® on all Exposed Wood Surfaces
- Non-Marring Adjustable Glides
- Field Replaceable Components
- Clean-Thru Design
- NOTE: Because of the unique Color of Ash Hardwoods, Stains are a slightly different Color than they appear on the Standard European Beech Hardwoods. If pairing with a Product using Species other than Ash the Stains will appear different. For additional information please contact your Customer Service Representative.

BASIL

Basil is a broad offering of flexible, modular seating that offers design solutions for any interior space. Straight pieces and curvilinear shapes allow designers to create forms of seating and tables that flow and support the architectural design of spaces. Optional wood and metal arms, metal legs, and numerous table designs support the product's design and its users. Built-in clean-out spaces and polyurethane arm caps make Basil equally durable in high traffic areas.

COMMONS

designed by MICHAEL SHIELDS

Commons is a seating and tables system designed to support the common space, the architecture around it, and the people who move through it. The variety of angled pieces allow for designs to be made that enhance the architecture of the building rather than reducing it. The ability to place the arms at any connection within the configurations, as well as optional power and data connections give users the opportunity to stay connected while still having a moment to relax. Numerous table options are also available to complement the seating designs.

TYPICALS

ORDERING EXAMPLE:

- Specify:
- Quantity
- Product by Number
- Arm Positions, Arms and Arm Caps
- Arm Cap Finish (if applicable)
- Powder Coat
- Leg Cover Panel Location
- Leg Cover Panel Color
- Fabric 1 Grade, Vendor, Pattern and Color

*For complete ordering and shipping instructions see pages 3-5 of product guide

ENCLAVE LINX

Enclave Linx provides functional modular seating solutions which allow you to customize your seating areas to your specific needs. Create runs of seating in just about any shape or layout. From straight runs to serpentine shapes. If you imagine a circle, there are pieces to create seating facing inward toward the circle and there are pieces facing outward from the circle. Round corner units and square corner units allow multiple options for seating in corner areas of space. The eight different shapes and sizes along with an ottoman include brushed chrome legs, optional arm ends and matching tables with laminate and veneer top. Ganging devices on each piece allow pieces to be connected or separated at any time.

RETROSPECT

Retrospect looks better than ever! Fresh, modern, clean lines allow specifiers to personalize and update space designs. Optional arm designs, back placements, leg options, hang tables, bolster pillows and tablet options all support a series of benches in various sizes to offer a collection that is both flexible and stylish. The addition of benches that are scaled for children's areas adds complimentary seating for all visitors. Occasional tables that support the series are also available.

- E9-F9-H1» Indicates oval tablet, right back short side and left front short side positions

Order each bench configuration individually:

- Section A: 7010-SB-SK2-C1A
- Section B: 7010-H5
- Section C: 7010-SB-SK2-C1E

To ensure accuracy please provide Customer Service with a diagram of your specific configuration requirements at time of order.

RETROSPECT

CONFIGURING AND ORDERING

Retrospect is a modular lounge collection that configures to your space needs. Create chairs, benches, loveseats, sofas, tete-a-tetes, or just about any piece you want. Add casters, arm styles, and tables to fit your specific application. By following these steps, and submitting a drawing to customer service for your Retrospect seating order, it will be clearly indicated and correctly entered and acknowledged.

STEP-BY-STEP ORDERING
START WITH CORE MODEL #7010-

STEP 1 SELECT BENCH.
(Specify Textile Grade, Vendor, Pattern and Color)
SB= Single Bench, 24"
LB= Loveseat Bench, 48"
FB= Sofa Bench, 72"

STEP 2 SELECT LEG AND CASTER OPTION.
X9= Satin Aluminum Legs
DIT= Wood (Set of 4) (specify finish)
E7= Casters (Set of 4)
E8= Casters (Set of 2)

STEP 3 SELECT BACK.
(Specify Textile Grade, Vendor, Pattern and Color if different from bench textile)
SK= Single Back, 24"
LK= Loveseat Back, 48"
FK= Sofa Back, 72"

STEP 4 SELECT BACK POSITION.
1= left back
2= center back
3= right back
4= left front
5= center front
6= right front

RETROSPECT

STEP 5 SELECT ARM.

(Specify Textile Grade, Vendor, Pattern and Color if different from bench textile)

- C1A= Straight Arm (left side facing)
- C1B= Straight Arm (right side facing)
- C1E= Straight Arms (left and right)
- B1Y= Flared Arm (left side facing)
- B1Z= Flared Arm (right side facing)
- C1D= Flared Arms (left and right)

STEP 6 SELECT ROTATING CIRCLE TABLE (F1).

SELECT ROTATING CIRCLE TABLE POSITION.

(Specify finish or HPL)

- F2= Left Back, Long Side
- F3= Center Back, Long Side
- F4= Right Back, Long Side
- F5= Left Front, Long Side
- F6= Center Front, Long Side
- F7= Right Front, Long Side
- F8= Left Back, Short Side
- F9= Right Back, Short Side
- H1= Left Front, Short Side
- H2= Right Front, Short Side

F1 = CIRCLE TABLE

*note: tablet not available in Position F8, F9, H1 or H2 when arms are attached.
 *note: tablet not available when backs are positioned in tablet location.

OR SELECT ROTATING OVAL TABLE (E9).

SELECT ROTATING OVAL TABLE POSITION.

(Specify finish or HPL)

- C1F= Left Back, Long Side
- C1G= Center Back, Long Side
- C1H= Right Back, Long Side
- C1J= Left Front, Long Side
- C1K= Center Front, Long Side
- C1L= Right Front, Long Side
- C1M= Left Back, Short Side
- C1N= Right Back, Short Side
- C1P= Left Front, Short Side
- C1Q= Right Front, Short Side

E9 = OVAL TABLE

*note: tablet not available in Position C1M, C1N, C1P or C1Q when arms are attached.
 *note: tablet not available when backs are positioned in tablet location.

STEP 7 SELECT BOLSTER(S) AND POSITION.

- H3= Left Bolster
- H4= Right Bolster
- C1C= Pair of Bolsters

STEP 8 SELECT SQUARE TABLE.

(Specify base finish and top finish, HPL solid surface or glass)
 H5= Table Ganging—No Legs for placement in between benches
 H6= Table End—Has 2 Legs for end placement

EXAMPLE:

7010-LB-X9-LK2-C1E-F1-F5-MNW-C1C-H6-MNW-X9

- 5/Momentum, Row, Breeze (Bench and Back)
- 4/Momentum, Canter, Sand (Bolsters)
- 7010» Retrospect Series
- LB» Loveseat Bench (5/Momentum, Row, Breeze)
- X9» Satin Aluminum Legs
- LK2» Loveseat Back, Center Position
- C1E» Pair of Straight Arms (leg and right facing)
- F1-F5-MNW» Round Tablet, Left Front - Long Side Position
- C1C» Pair of Bolsters (4/Momentum, Canter, Sand)
- H6-MNW-X9» Square Table

HOW TO ORDER

MODEL NUMBER

16194

CONFIGURING AND ORDERING

The following information uses examples that apply to all of our multiple seating series. By following these **three easy steps**, your multiple seating order will be clearly indicated and correctly entered. Multiple seating units are shipped assembled up to four components per carton.

1-2-3 STEP-BY-STEP ORDERING

• **Step 1**

Choose the series that you wish to order.

• **Step 2**

Design a seating layout that meets the requirements of your specific space. Configure components from left to right (facing). Remember when middle or hang tables are positioned between two chairs, both of those chairs must be base chair units.

• **Step 3**

On your Purchase Order configure the components in order as they should be assembled. The following examples are for the Orchestra 1408 series, but works in the same fashion for all multiple seating series.

EXAMPLES

EXAMPLE A

Qty. 1 1408-2-A-A A4-MNW-X9 -5/Momentum, Row, Breeze
 Arm Caps: Poly Arm Cap (A4)
 Finish: Natural Walnut (MNW)
 Removable Covers: None (X9)
 Fabric: Grade 5, Momentum, Row, Breeze
 Qty. 1 Indicates the quantity ordered
1408» Indicates the series required
2-A-A» Indicates the assembly order

EXAMPLE B

Qty. 1 1408-C-E A4-MNW-X9 -5/Momentum, Row, Breeze
 Arm Caps: Poly Arm Cap (A4)
 Finish: Natural Walnut (MNW)
 Removable Covers: None (X9)
 Fabric: Grade 5, Momentum, Row, Breeze
 Qty. 1 Indicates the quantity ordered
1408» Indicates the series required
C-E» Indicates the assembly order

To ensure accuracy please provide Customer Service with a diagram of your specific configuration requirements at time of order.

Wood Species	Arm Caps	Finish	Removable Covers	Fabric 1
A8S	A3	MLC	H7	Grade 5, Momentum, Row, Breeze

MODERN AMENITY PANEL ARM TANDEM SEATING STANDARD FEATURES

- Upholstered Arm Panels, Seat and Back
- Spring Seat Construction
- Clean-Thru Design
- Wallsaver Design
- Must specify European Beech or American Ash Frame
- Wood Arm Cap
- Euroluxe® with SilverBan® on all Exposed Wood Surfaces
- Non-Marring Adjustable Glides
- Field Replaceable Components
- NOTE: Because of the unique Color of Ash Hardwoods, Stains are a slightly different Color than they appear on the Standard European Beech Hardwoods. If pairing with a Product using Species other than Ash the Stains will appear different. For additional information please contact your Customer Service Representative.
- NOTE: Tandem Units can only be ganged and added on to by using the Ganging Tables. You can not add on a Chair directly to a Tandem Unit.
