

Combining elevated aesthetics and performance, Maharam's M Series comprises richly colored woven textiles designed for universal appeal. Enlisting the design studio's material expertise and interest in technical innovation, styles in the accessibly priced M Series offer recycled content and short lead times as well as abrasion resistance and bleach cleanability for versatile application. Woven with post-consumer recycled polyester, Mode and Meld's substantial basketweaves resemble the luminous, smooth hand of wool on different scales. Messenger explores cross-dyeing through a dimensional construction to create heathered, solid, and bicolor impact while Method's tailored twill texture is primarily woven with SEAQUAL® YARN that blends post-consumer recycled content and repurposed marine plastic. Woven entirely of recycled polyester and featuring subtle luster, Manner is a modern crepe with a heathered appearance and Muse pairs the technical look of a fine, dense weave in a bleach-cleanable construction across a comprehensive palette.

- 6 styles: Manner, Meld, Messenger, Method, Mode, Muse
