Cromwell

Cromwell

Cromwell has a timeless form with intricate details, offering subtle nailheads, welt trim, and curves that add elegance and beauty to any space. Designed with an option for front casters, this dining and guest chair also acts as a perfect solution for Senior Living spaces because of its sturdy arms and functional mobility.

Thought starters

Our experienced healthcare team at Carolina works closely along side The OFS Design Studio. This collaboration of dynamic backgrounds and geographic origins among industrial design and engineering teammates brings to life the most patient-centered product solutions the healthcare industry has to offer. Pencil sketches, 3D printed

parts and rough prototypes serve as the journey to fine tune the last 10% so that patients, and the people caring for them can experience the difference between good design and great design. Our goal is to deliver design value in a very intentional way where healthcare products are simple, personal and purposeful.
