

It's all about comfort and options with the Retrospect sleepovers. Retrospect's storage and design solutions allow facilities and designers to customize sleepover seating for their specific room needs. Patients can rest comfortably knowing their

guests are accommodated with the most efficient and comfortable sitting and sleeping arrangements possible. A standard antimicrobial sleep surface addresses infection control concerns, while Retrospect's myriad of options let you create the perfect solution for any facility.

Marcel Beck

Beck & Beck Design Associates

For a product to be truly successful, Marcel and Rita Beck believe it must enhance and promote the company for which it was developed. Before creating their design firm, they attended furniture design shows across the world, finding inspiration and

building knowledge about the diversity of people and industries they would serve. In 1992, they brought back their experience to establish Beck+Beck Design Associates. Their international sensibility still influences each of their designs today.
