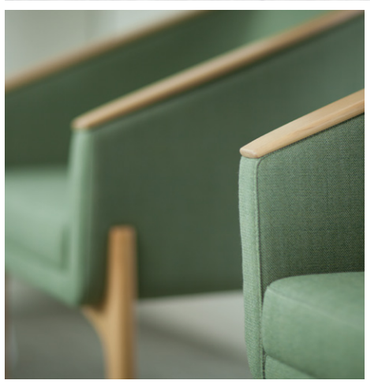
Elani

While privacy can be hard to find in public spaces, Elani creates a personal space where you can choose to connect with others or focus on individual activity.

Elani's shelter back wraps along your shoulders to provide separation without isolation, while natural details like sculpted ash wood legs create a warm, embracing aesthetic.



Wood and solid surface arm caps available

Marcel Beck

Beck & Beck Design Associates

For a product to be truly successful, Marcel and Rita Beck believe it must enhance and promote the company for which it was developed. Before creating their design firm, they attended furniture design shows across the world, finding inspiration and building knowledge about the diversity of people and industries they would serve. In 1992, they brought back their experience to establish Beck+Beck Design Associates. Their international sensibility still influences each of their designs today.
