

Dess is inspired from residential and hospitality design. It's ideal for any type of public space including corporate lobbies, healthcare waiting spaces, and even learning environments. Careful attention is paid to create supreme comfort

and a myriad of design features that benefit both facilities and individual users. Dess offers opportunities for designers to customize its design with multiple fabric applications, a broad range of powder coats and various arm caps.

Marcel Beck

Beck & Beck Design Associates

For a product to be truly successful, Marcel and Rita Beck believe it must enhance and promote the company for which it was developed. Before creating their design firm, they attended furniture design shows across the world, finding inspiration and building

knowledge about the diversity of people and industries they would serve. In 1992, they brought back their experience to establish Beck & Beck Design Associates. Their international sensibility still influences each of their designs today.
