Table of contents

Overview	3
Finishes with edge profiles	3
Pull-up tables	4
Occasional tables	5
Cafe/dining tables	6
Accessories	7
Power	7

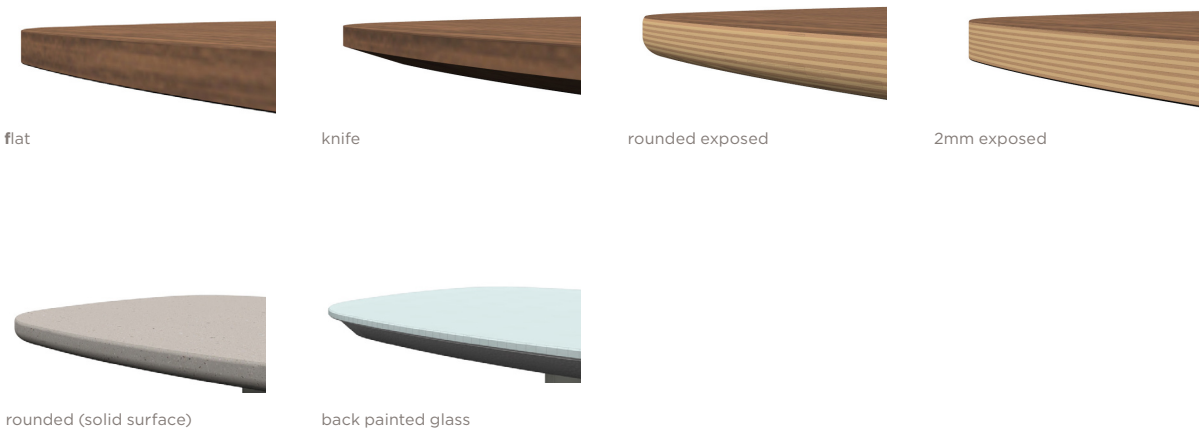

Overview

- Series includes pull-up, occasional, and cafe/dining tables
- Ships knocked down
- Subtle bullnose column detail
- Column and base finish specified separately
- Static columns are available in standard and studio powder coats
- Pneumatic columns are available in luster grey, onyx, ion, bone white, and stone powder coat

Finishes with edge profiles

- TFL or HPL finish with PP edge banding and a flat edge
- Painted finish with flat or knife edge
- Veneer finish with wood edge banding and a flat or knife edge
- Veneer finish with rounded exposed plywood edge
- Solid surface with rounded edge
- Back painted glass with white painted subtop

Top edges

Pull-up tables

General

- Overall width: 19" w
- Overall depth: 19" d
- Overall height:
 - Static column: 27" h
 - Height adjustable column: 22"-32" h
- Table top available in squircle shape
- Column available as static or pneumatic
- Static columns are available in standard and studio powder coats
- Pneumatic columns are available in luster grey, onyx, ion, bone white, and stone powder coats
- Static glides

- Maximum weight capacity: 66 lbs.
- Maximum weight capacity for pneumatic column when extended: 50 lbs.

Options

- Square edge standard, optional knife edge on paint and veneer and optional exposed plywood on veneer
- Rounded edge standard on solid surface

Occasional tables

General

- Squircle tables: 24" w x 24" d and 36" w x 36" d
- Rectangular squircle: 24" w x 48" d and 30" w x 48" d
- Overall height: 18" h
- Table tops available in squircle and rectangular squircle
- Table tops available in TFL, HPL, veneer, solid surface, and painted glass
- Adjustable glides with ¼" h range

Options

- Square edge standard, optional knife edge on paint & veneer and optional exposed plywood on veneer
- Rounded edge standard on solid surface
- Optional power with cutout for wire management through columns. See [power options](#).

Wire management

Integrated through columns for in surface and under surface power

Cafe/dining tables

General notes

- Overall height: 29”h
- Table tops available in squircle and rectangular squircle
- Table tops available in TFL, HPL, veneer, solid surface, and painted glass
- Adjustable glides with ¼”h range

Options

- Square edge standard, optional knife edge on paint and veneer and optional exposed plywood on veneer
- Rounded edge standard on solid surface
- Optional power with cutout for wire management through columns. See [power options](#).

Squircle tables

- Single column on squircle tables
- Top sizes: 24”w x 24”d, 30”w x 30”d, 36”w x 36”d, 42”w x 48”d and 48”w x 48”d

Rectangular squircle tables

- Single column on widths up to 48”w
- Double column on widths 54”w and longer
- Widths available by depth:
 - 24” depth: 30”w, 42”w and 48”w
 - 30” depth: 42”w, 48”w, 54”w, 60”w, 66”w and 72”w
 - 36” depth: 60”w, 66”d and 72”w

Wire management

integrated through columns for in surface and under surface power

Accessories Hook

- Overall dimensions: 3 7/8" w x 2 3/4" d x 1 1/2" h
- Available in standard and studio powder coats
- For use on on cafe/dining tables only
- Maximum weight capacity: 15 lbs.
- Installed on underside of surface
- Hardware kit included

[211-AH](#) for use with TFL, HPL, veneer and glass top
[211-SAH](#) for use with solid surface top

Power Options

- Available on occasional and cafe/dining tables only
- In surface installed power and under surface power is integrated within column
- Squircle occasional and cafe/dining tables have one power location
- Rectangular squircle cafe/dining tables have two power locations
- Power units are available in black or white distinguished by the B or W in the part number, except for Boone
- Approximately 6' of usable cord on all power supplies beyond the column

In surface power

PS-113W PIP
 PS-113B PIP
 One USB A + C

PS-114W PIP
 PS-114B PIP
 One AC socket

Undersurface power

PS-115W
 PS-115B
 One AC socket and one USB A+C

PS-116W
 PS-116B
 Two AC sockets and one USB A+C

[PS-2UM](#) Boone
 One AC receptacle and two USB-A ports
