

Wireless charging unit

Our wireless charging unit installs underneath a table and creates a wireless charging zone on top of your worksurface for smartphones and tablets. This seamless solution maintains the beauty of your design

by avoiding unsightly wires, USB grommets or outlets. The wireless charging unit is simple to use, works with all mobile devices that are Qi enabled and installs in almost any surface.

Wireless charging unit

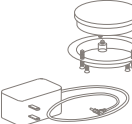

Features

- 15 watt charging speed
- Location decal provided for face of worksurface
- 5' Cord
- WPC 1.2 (Qi-compliant)
