Height adjustable components Peninsula desks

General

- Ships KD. Top, cabinet and panel base ship separately
- Table maximum weight is 75 lbs
- Optional PS-77 power supply
- Panel base handed left or right, removable interior access panel

Worksurfaces general

- 30x68 (28x66 actual), 30x74 (28x72 actual), 36x68 (34x66 actual), 36x74 (34x72 actual)
- 2" wall end clearance, and 1" clearance on each side of the worksurface
- Veneer or solid surface, rectangle or soft rectangle surface shapes
- Field installed grommet recommend for wire management

Veneer worksurface

- Long grain direction
- Square edge standard, optional 2" flat knife edge
- Knife edge option on rectangular surface profile on approach and user sides
- Knife edge option on the soft rectangular worksurface profile around the perimeter

Solid surface worksurface

- Knife edge standard for both worksurface shapes
- Rectangular surface features 2" flat knife profile on approach and user sides
- Soft rectangular surface features 2" flat knife profile around perimeter

Cabinet

- 18"d or 24"d low height cabinet, long grain surface
- Unfinished back
- One adjustable and one stationary shelf on user side, removable access panel on approach side
- Open section has hinged down back panel for wall access

Veneer

Height adjustable components Sweep top desks

General

- Ships KD. Top, cabinet, and panel base ship separately
- Optional PS-77 power supply
- Table maximum weight is 75 lbs

Worksurfaces

- 68x48 (66x46 actual), 68x54 (66x52 actual), 68x60 (66x58 actual), 74x60 (72x58 actual)
- 2" wall end clearance, and 1" clearance on each side of the worksurface
- Veneer or solid surface. Long grain on veneer
- 2" flat knife profile around perimeter
- Field installed grommet recommended for wire management

Base

- Column base standard, optional panel base
- Handed left or right

Base continued

- Removable interior access panel on panel base
- **Note:** 24"d low cabinet desks 68"w and smaller only available with a panel base support

Cabinet

- 18"d or 24"d low height cabinet, long grain surface
- Unfinished back
- One adjustable and one stationary shelf in center cabinet
- Removable access panel on approach and user side
- Open section has hinged down back panel for wall access

Height adjustable components Credenza | low cabinet

General

- Worksurface shapes: rectangle or soft rectangle
- 12"d low height cabinet with removable access panel and unfinished back
- Optional PS-77 power supply
- Ships KD. Top, low height cabinet ship separately
- Field installed grommet recommended for wire management
- Table maximum weight is 75 lbs
- **Note:** Must connect to 18"w pedestal or end panel at both ends for stability
- **Note:** Clamp mount accessories not for use on flat knife profiles

Veneer worksurface

- Long grain direction
- Square edge standard, optional 2" flat knife edge
- Knife edge option on rectangular surface profile on user side
- Knife edge option on the soft rectangular worksurface profiled around the perimeter

Solid surface worksurface

- Knife edge standard for both worksurface shapes
- Rectangular surface features 2" flat knife profile on user side
- Soft rectangular surface features 2" flat knife profile around perimeter

Centered worksurface

- 48x26 or 60x26. Actual surface size is 46x24 and 58x24
- 2" wall end clearance, and 1" clearance on each side of the worksurface

Left and right worksurface

- 55x26 or 67x26. Actual surface size is 54x24 and 66x24
- Left and right credenza: 2" wall end clearance, and 1" clearance on non overhang side
- Surface overhangs cabinet by 7"

Built up components Double pedestal desks

General notes

- Box/box/file pedestal on user left. Two box drawers hidden by top file drawer front
- File/file pedestal on user right
- Full height modesty panel
- Optional locking
- Optional grommets: left, right, or left and right
- 66" w desks feature 15" w pedestals
- 72" and 84" w desks feature 18" w pedestals

Recessed modesty

- Overall dimensions: 30x60, 36x66, 30x72, 36x72, 42x72, 36x84, 42x84
- 6" approach side overhang

Breakfront modesty

- Overall dimensions: 30x66, 36x66, 30x72, 36x72, 36x84
- Modesty panel recesses 5" between pedestals

Breakfront recessed modesty

- Overall dimensions: 6x72, 36x78, 36x84, 42x72, 42x78, 42x84
- 6" approach side overhang with modesty panel recessed 5" between pedestals

Grommets

Plan view
optional left and right grommets

Built up components Single pedestal desks

General notes

- Box/box/file pedestal on user left or right. Two box drawers hidden by top file drawer front
- Full height modesty panel
- Optional locking
- Optional grommets: left, right, or left and right
- 66" w desks feature 15" w pedestals
- 72" and 84" w desks feature 18" w pedestals

Flush modesty

- Overall dimensions: 30x66 or 30x72
- Modesty is flush to edge of worksurface on approach side

Recessed modesty

- Overall dimensions: 36x66 or 36x72
- 6" approach side overhang

Breakfront modesty

- Overall dimensions: 30x66, 36x66, 30x72, 36x72
- Modesty panel recesses 5" between pedestals

Asymmetrical modesty

- Overall dimensions: 30x66, 36x66, 30x72, 36x72
- Modesty panel recesses 5" next to pedestal

Grommets

Plan view
optional left and right grommets

Interior leg detail

Built up components Returns | bridges

General notes

- Center grommet standard. Additional grommets can be specified in any combination of left, right and center
- Finished back. Optional hinged access panel

Bridge

- Overall dimensions: 22x42 or 22x48

Bridge with end panel

- Overall dimensions: 22x42 or 22x48
- Handed left or right
- Cannot be used with modular pedestals

Bridge

Center grommet standard. optional left and right grommets

Optional hinged access panel (FZ)

Built up components Credenzas | kneespace

General notes

- Unfinished back standard. Optional finished back or hinged access panel for all pedestal credenzas
- Center grommet standard. Additional grommets can be specified in any combination of left, right and center

Personal storage credenza

- Overall dimensions: 24x66 or 22x72
- Two slide out personal storage pedestals with hidden box drawers

Double pedestal credenza

- Overall dimensions: 24x66 or 22x72
- Two file/file pedestals
- 66" w desks feature 15" w pedestals
- 72" and 84" w desks feature 18" w pedestals

Single pedestal credenza

- File/file or lateral file credenza
- Overall dimensions: 24x66 or 24x72
- Pedestal credenza features 18" w file/file
- Lateral credenza 24x66 features 30" w lateral file drawers. 24x72 features 36" w lateral file drawers
- Handed left or right

Options

Plan view
Center grommet standard. optional left and right grommets

Lateral and multi file
optional hinged access panel (FZ)

Built up components Credenzas | storage

General notes

- Finished back panel
- Grommets can be specified in any combination of left, right and center

Double lateral file

- Overall dimensions: 24x60 or 24x72
- 60" w features four 30" w drawers and 72" w features four 36" w drawers
- No center grommet option

Pedestal/lateral file

- Overall dimensions: 24x66 or 24x72
- Two 18" w file/file drawers at each end
- Centered lateral file drawers
- 66" w features two 30" w drawers and 72" w features two 36" W drawers

Double lateral file

34-7224CLF shown

Pedestal/lateral file

34-7224CR18LF shown

Built up components Low height floor storage

General

- Depth: 18"d
- Handed left or right based on wider section location
- All shelving sections feature one stationary and one adjustable shelf
- Includes .75" thick top and finished back panel

42"-54"w models

- Widths:
 - 42"w: 12"w and 30"w openings
 - 48"w: 18"w and 30"w openings
 - 54"w: 18"w and 36"w openings
- Storage configurations:
 - Box/lateral and box/file
 - Box/file and wide open shelving
 - Open shelving and lateral
 - Open shelving

60"-72"w models

- Widths:
 - 60"w: Two 30"w openings
 - 72"w: Two 36"w openings
- Storage configurations:
 - Double box/lateral file
 - Box/lateral and open shelving. Handed based on lateral file location
 - Double open shelving

Wide double open shelving

Modular components Desk surfaces/cabinet tops

General

- Optional grommet: any combination of left, right and center
- **Note:** Unsupported spans greater than 48" require worksurface straightener

Modular desk top

- Use with modular desk pedestals and supports
- Depths: 30"d, 36"d, 42"d
- Widths: 60-84"w in 6" increments. Note: 42"d available as 78"w and 84"w only
- 1.1875" thick surface with square profile on all four sides
- Long grain
- Clamp plates required at surface connection points, specified separately

Worksurface height cabinet top

- Use with worksurface height cabinets, or as a bridge or return. Clamp plates required at surface connection points, specified separately
- Depth: 24"d
- Widths: 30"w-120"w in 6" increments
- 1.1875" thick surface with square profile on approach and user side
- Long or short grain

Low height cabinet top

- Use with low height cabinets. **Note:** Not to be used as a bridge or return
- Depths: 18"d or 24"d
- Widths: 30"w-96"w in 6" increments
- 0.75" thick surface with square edge on user side
- Long or short grain

Desk height worksurfaces

Optional left, center, and right grommets shown

Modular components Runoff desk surfaces

General

- Short grain veneer surface or substrate
- Specify leg/column supports separately
- Clamp plates included

Veneer

- Use with worksurface height pedestals and worksurfaces
- Rectangle shape only
- Depths: 30"d or 36"d
- Widths: 60"w, 66"w, 72"w
- 1.1875" thick surface with flat profile on all three sides

Glass or solid surface overlay

- Subtop flat edge connects to worksurface height pedestals and worksurfaces
- Soft rectangle:
 - 30"d or 36"d
 - 66"w, 72"w, 78"w
- Eased rectangle:
 - 36"d or 42"d
 - 66"w, 72"w, 78"w
- Wedge:
 - 36"d: widths 66"w, 72"w, 78"w
 - 42"d: widths 72"w and 78"w only
- 1.6875" total thickness including $\frac{3}{4}$ " glass or solid surface overlay. 1.1875" thick subtop with flat edge all three sides
- **Note:** Overlay surfaces will raise overall surface height by $\frac{1}{2}$ "

Modular components Elevated runoff desk surfaces

General

- Use with low height pedestals and worksurfaces
- Specify standoffs, leg or column supports separately. Requires two standoffs along return
- 1.1875" thick surface
- Optional power supply or grommet cutout
- **Note:** Clamp on accessories will not work on flat knife profiles

Veneer or solid surface

- Rectangle (veneer only):
 - 30"d: 66"w, 72"w, 78"w, 84"w
 - 36"d: 72"w, 78"w, 84"w
 - Flat profile on four sides
- **Note:** Use 30x66 with 18"d cabinets only
- Soft rectangle:
 - 30"d: 66"w, 72"w, 78"w, 84"w

- 36"d: 72"w, 78"w, 84"w

- 2" flat knife profile around perimeter

- **Note:** Use 30x66 with 18"d cabinets only

- Wedge:

- 36"d: 66"w, 72"w

- 42"d: 66"w, 72"w, 78"w

- 2" flat knife profile around perimeter

- **Note:** Use 36x66 and 42x66 with 18"d cabinets only

- Sweep:

- 46x66, 52x66, 58x66, 58x72, 58x78

- Handed left or right

- 2" flat knife profile around perimeter

- **Note:** Use 46x66, 52x66, and 58x66 with 18"d cabinets only

Modular components | Drawer pedestals | desk height

General

- Use with modular worksurfaces
- 29.75 and 35.75"d pedestals feature finished back. 22.63"d pedestals feature unfinished back, use with modular back panels or filler strip
- Optional locking
- File drawers can accommodate letter or legal filing
- **Note:** Cannot be used as freestanding units

Box/box/file

- Top section features two box drawer hidden behind file drawer front. Bottom section is file drawer
- 22.63"d pedestal available as 15"w or 18"w
- 29.75"d and 35.75"d available as 15"w

File/file

- Two file drawers
- 22.63"d pedestal available as 15"w or 18"w
- 29.75"d and 35.75"d available as 15"w

Open/file

- Open shelf above file drawer
- 22.63"d pedestal available as 15"w or 18"w
- 29.75"d and 35.75"d available as 15"w

Open/lateral

- Open shelf above lateral file drawer
- Width: 30" or 36"w
- Depth: 22.63"d

Lateral file

- Two lateral file drawers
- Width: 30" or 36"w
- Depth: 22.63"d

Slide out storage

- Bottom storage drawer and hidden box drawer behind pedestal front
- Width: 12"w
- Depths: 22.63"d, 29.75"d, 35.75"d
- **Note:** Slide out pedestal will not work under left or right grommet

Modular components Storage pedestals | desk height

General

- Use with modular worksurfaces
- **Note:** Cannot be used as freestanding units

Shelf pedestals

- Widths: 12"w, 15"w, 18"w, 30"w, 36"w
- Depth: 21.5"d
- One stationary and one adjustable shelf
- 12"w pedestal will not work under left or right grommet
- Hinged down back for wall access

Open/door

- Widths: 30"w or 36"w
- Depth: 22.63"d
- One stationary and one adjustable shelf in each section
- Unfinished back, specify modular back panel or filler panel separately
- Left or right hinged door
- Optional locking

Hinged door

- 22.63"d single door models available in 12"w, 15"w, or 18"w
- 22.63"d double door models available in 30"w or 36"w
- 29.75"d and 35.75"d models available in 15"w
- One stationary and one adjustable shelf
- 12"w pedestal will not work under left or right grommet
- Optional locking
- Hinge down back for wall access

Modular components Pedestals | low height

General

- Widths: 30"w or 36"w
- Depths: 16.63"d or 22.63"d
- Use with 18"d or 24"d modular worksurfaces for low height storage, specified separately
- Unfinished back, use with modular back panels or filler strip
- Optional locking for drawer and door pedestals
- **Note:** Cannot be used as freestanding units

Box/file

- One wide box drawer and one lateral file drawer

Open/file

- One wide open shelf and one lateral file drawer

Open shelving

- One stationary and one adjustable shelf

Double door

- Two hinged doors
- One stationary and one adjustable shelf

Hinged door/open

- Hinged door handed left or right

Modular components Supports | veneer

Wing assembly

- Worksurface height support
- Use with 30"d and 36"d modular worksurface
- Finished back
- Two stationary shelves on interior side
- **Note:** Cannot be used as a freestanding units

End panel

- 34-18EP: use with 18"d modular cabinet tops
- 34-24EP: use with 24"d modular cabinet tops
- 34-30EP: use with 30"d rectangular runoff surfaces
- 34-36EP: use with 36"d rectangular runoff surfaces
- If attaching a 34-18EP or 34-24EP to a back panel, specify SCWBKT-1 bracket separately

Filler panel

- Use on backside of pedestals to fill 1.25" top overhang gap at end of run when not using a back panel
- Available for worksurface and low heights

Back panel

- Widths available between 30"-108"w in 6" increments
- Available for worksurface and low heights
- Provides a finished back for modular pedestals or end panels
- Finished on both sides
- Aligns with bottom of the pedestal (1.5" above floor)
- Specify as full length

Fold down back panel

- Widths available between 12"-94"w, worksurface height only
- Any width in ½" increments available within ranges noted
- Upper section folds down to provides wall access for cable management
- 12"-48"w features one fold down access panel
- 48.06"-94"w features two fold down access panels and center support cantilever bracket
- Unfinished back
- Feet included for support
- Specify length to fit between pedestals or end panels

Modular components Supports | metal

General

- Includes cable management cavity with top and bottom retaining clips

Trifoil column base

- Worksurface height support for runoff worksurfaces
- 4.25" diameter extruded trifoil shape
- **Note:** Not for use with conference or table desk surfaces

Trifoil pedestal base

- Support for 30" square and 36" round tops
- 4.25" diameter extruded trifoil shape
- 22" diameter disc base
- **Note:** Color finish option is for column, disc base standard in powder coat black

Duofoil legs

- Worksurface height support
- 3.5" x 1.5" extruded duofoil shape
- Legs mount at 10 degree angle
- Sold in pairs
- Available with glides or casters
- **Note:** Caster version not for use with overlay tops

Duofoil standoffs

- Used to connect worksurface height tops with low height cabinets
- 3.5" x 1.5" extruded duofoil shape
- Legs mount perpendicular to worksurface
- Sold individually
- **Note:** Requires field boring of low height worksurface

Trifoil column

Worksurface components Highback organizer

General

- Widths: 60"w, 66"w, 72"w
- Height: 38.75"h
- Depth: 15.63"d
- Highback organizers with open sections are handed based on door location
- Unfinished back. Optional finished back
- Optional tackboard available
- Optional integrated LED tasklight. **Note:** multiple tasklights can be ganged together

Lift up door

- Available with one lift up door and one open section, or two lift up doors
- Soft opening and closing mechanism
- Wood divider panels

Hinged door

- Available with two hinged doors and one open section, or four hinged doors
- One storage section per set of door
- Wood divider panels

Sliding glass door

- Available with one sliding glass door and one open section, or two sliding glass doors
- Glass divider panel matches door finish

Tackboard

- One piece tackboard
- Insets between highback organizer vertical panels
- Specified separately

Lift up door

Worksurface components Worksurface cabinets

General

- Depth: Open cabinet is 14.5"d, hinged and asymmetrical cabinet is 15.63"d
- Height: 38.75"h
- Unfinished back standard. Optional finished back
- Two adjustable 1" thick shelves with beveled edge and one fixed shelf, per section

Open

- Widths: 12"w, 15"W, 18"w, 24"w, 30"w, 36"w
- 24"w - 30"w have center divider and four adjustable shelves, and two fixed shelves total

Hinged

- Widths: 12"w, 15"w, 18"w
- Cabinet is handed based on door hinge location

Asymmetrical

- Widths: 24"w, 30"w, 36"w
- Cabinet is handed based on door hinge location
- Open shelf opposite closed door. 24"w has 8.25"w open shelf. 30"w and 36"w have 11.25"w open shelf

Worksurface components Partial modesty | edge mount modesty

Partial modesty panel

- Widths: 32", 38"w, 44"w, 50"w, 56"w
- Depth: 0.75"d
- Height: 7"h
- Below surface modesty panel
- Vertical grain veneer panel
- Field installed

Edge mount modesty panel

- Widths: 38"w, 44"w, 50"w, 56"w
- Depth: 1.44"d
- Heights: 19.5"h (for 42"h applications) and 25.5"h (for 48"h applications)
- Fabric or veneer panel. Fabric is tackable, vertical grain veneer panel

Edge mount modesty panel continued

- Mounts to underside of worksurface, brackets included
- Leaves 1.5" wire management gap between privacy panel and surface edge
- Field installed
- **Note:** Fabric edge modesty not for use with open plan height adjustable worksurfaces

Wallmount components Organizers

General

- Height: 14.5" h
- Depth: Lift up and hinged door organizers are 15.63" d, glass door organizers are 14.5" d
- Optional integrated LED tasklight. **Note:** multiple tasklights can be ganged together

Hinged door organizer

- Widths: 60"w - 108"w in 6" increments
- 60"-78"w features two hinged door with open section (handed), or four hinged doors
- 84"-108"w features either six hinged doors, four hinged doors with open center section, or center hinged doors with open end sections

Lift up door organizer

- Widths: 60"w - 108"w in 6" increments
- 60"-78"w features one lift up door with open section (handed), or two lift up doors
- 84"-108"w features either three lift up doors, two lift up doors with open center section, or center lift up door with open end sections
- Soft opening and closing mechanism

Wallmount components Organizers, continued

General

- Height: 14.5"h
- Depth: Lift up and hinged door organizers are 15.63"d, glass door organizers are 14.5"d
- Optional tackboard available
- Optional integrated LED tasklight. **Note:** multiple tasklights can be ganged together

Sliding glass door organizer

- Widths: 60"w, 66"w, 72"w, 78"w, 84"w, 90"w, 96"w, 102"w, 108"w
- 60"-78"w features one sliding glass door with open section (handed), or two sliding glass doors
- 84"-108"w features center sliding glass door with open sections at each end
- Glass divider panel matches door color

Open end organizer

- Widths: 60"w, 66"w, 72"w
- Open section cantilevered fixed shelf (no end panel)
- Door option opposite end:
 - Lift up door
 - Two hinged doors
 - One sliding glass door
- Shelf maximum weight is 25 lbs per foot

Open shelf

- Widths: 30"w-108"w in 6" increments
- Depth: 14.5"d
- Cantilevered fixed shelf
- Ganged to other shelves in left, right or center locations
- Shelf maximum weight is 25 lbs per foot

Freestanding storage Towers | privacy height

General

- Height: 42" h
- Unfinished back standard, optional finished back
- Coat sections: 18" d towers feature a coat hook, 24" d towers feature a hang rod
- Option for coat sections to be two adjustable 1" thick shelves with beveled edge and one fixed shelf

Open storage

- Widths: 12" w, 18" w, 24" w, 30" w, 36" w
- Depths: 16.75" d or 22.75" d
- 24" w-36" w have center divider
- Two adjustable 1" thick shelves with beveled edge and one fixed shelf per section
- **Note:** 12" w x 16.75" d not to be used as freestanding

Hinged door

- Widths: 12" w, 18" w, 24" w, 30" w, 36" w
- Depths: 17.88" d or 23.88" d
- 24" w-36" w have center divider
- Single door cabinets are hinged left or right and features coat storage as standard
- Double door cabinets feature coat storage on right side, and two adjustable 1" thick shelves with beveled edge and one fixed shelf on left
- Optional pull for double door cabinets will be added to right door only

Open/hinged door

- Widths: 24" w, 30" w, 36" w with center divider
- Depths: 17.88" d or 23.88" d
- Open/hinged door cabinets feature coat storage on right side, and two adjustable 1" thick shelves with beveled edge and one fixed shelf on left
- Optional pull for door

Benching Cross rails

General

- Use with open plan fixed height and height adjustable bases for support, power, privacy screens and cable baskets
- Option to pre bore holes for privacy panels
- 6"d x 1.75"h
- Widths:
 - 44"w (use with 54"w worksurfaces)
 - 50"w (use with 60"w worksurfaces)
 - 56"w (use with 66"w worksurfaces)
 - 62"w (use with 72"w worksurfaces)

Basic power

- 3+1 wire configuration
- One power block assembly included, does not include duplex receptacles or infeeds
- Four outlets each user
- UL listed components

Premium power

- Includes same items as basic power cross rail
- Silver powder coat face plates cover power block assembly

Chicago power

- One power block assembly with outlet boxes and face plates
- Receptacles not included
- Hard wired on site

Cross rail wire management

- Attaches to underside of cross rail
- Cable basket:
 - 32"w (use with 54"w and 60"w cross rails)
 - 44"w (use with 66"w and 72"w cross rails)
- PET basket:
 - 32"w (use with 54"w and 60"w cross rails)
 - 44"w (use with 66"w and 72"w cross rails)

Benching storage Towers

General

- Double sided cabinet
- 30" planning depth

Privacy height

- Widths: 12"w, 18"w, 24"w
- 27.5"d x 42"h
- Open tower:
 - Two adjustable 1" thick shelves with beveled edges and one fixed shelf, each side
- Hinged door tower:
 - Coat hook standard, each side
 - Optional two adjustable 1" thick shelves with beveled edges and one fixed shelf, each coat hook section

Tall height

- Widths: 12"w, 18"w, 24"w
- 27.5"d x 68.25"h
- Open tower:
 - Four adjustable 1" thick shelves with beveled edges and two fixed shelves, each side
- Hinged door tower:
 - Coat hook standard, each side
 - Optional four adjustable 1" thick shelves with beveled edges and one fixed shelf, each side
- Open/hinged door tower:
 - Coat hook behind hinged door each side
 - 10.875"w three adjustable 1" thick shelves with beveled edges and two fixed shelves next to door, each side
 - Optional three adjustable shelves with and two fixed shelves in coat hook section, each side

Benching accessories Cushions | privacy screens

Floor storage cushions

- 14x14, 29x14, 35x14, 29x29 and 35x29
- Height: 1.75" h
- 14" d used with 18" d applications, 29" d used with 30" d applications
- Option to attach to low height storage with industrial hook and loop, or movable
- Field installed

Privacy screens

- Use on low height fixed or height adjustable cabinet bases and cross rails
- Widths: 38" w, 44" w, 50" w, 56" w
- Depth: 1.44" d
- Heights: 19.5" h (for 42" h applications) and 25.5" h (for 48" h applications)
- Fabric or veneer panel. Fabric is tackable, vertical grain veneer panel
- Field installed, includes surface mounting post brackets
- Requires drilling two pilot holes in cabinet top for installation

Data

- While most end users may prefer to supply their own data items, OFS does offer the below data solutions, coordinate with your end user to determine the best scenario for their needs
- Data module box can be mounted anywhere underneath the surface, includes two adapter ports, and adapter kit for jacks and couplers
- Standard inserts available are RJ-5 voice hard wire jack and RJ-45 voice and data hard wire jack, all other jack options to be sourced separately

Data box
DM1

Voice jack **RJ-5**
Data jack **RJ-45**

Power supplies

PS-77

- Undersurface power
- (6) outlet surge protector
- 10' power cord
- Suggested to use with height adjustable surfaces

PS-100

- Set on surface power
- (1) Outlet, (1) USB-A charging port, (1) USB-C charging port
- 9' braided power cord

WC-2

- Undersurface power
- Wireless charging, single or multi unit
- Routes into the underside of a worksurface
- Field installed

Lighting

Tilly

- 6" diameter table top base or clamp mount
- **Note:** Clamps to worksurfaces 0.5"-1.25" thick
- Single or double arm
- Powder coated aluminum
- Brightness dimming
- 3' silver cord and 9' black 18 WATT wall transformer
- Automatic shutoff after 10 hours
- Optional USB

Ella

- Two heights: freestanding floor lamp or surface mounted
- Frosted acrylic diffuser
- Powder coated aluminum/steel
- Brightness dimming
- 11' cord
- Automatic shutoff after 10 hours
- Optional 2-amp USB-A charging ports (surface mount only)
- **Note:** Surface mount requires a 3.5" diameter hole and mounts to a surface that is .935" to 1.185" thick

Work tools

Monitor arms

- Single or double monitor arms
- Available in silver, black, or white
- Smart base with integrated USB-A and USB-C
- Top down clamp or grommet mount
- Concealed cable management
- For screens 17"-35", weight 4-24.2 lbs.

Pencil tray

- PET pencil tray insert. Grey PET divided pencil tray. Use DA18-1 in 15"w box drawer pedestal. Use DA14-1 in 18"w box drawer pedestals

Pencil drawer

- Black molded plastic
- Flush mount

Center drawer

- Center drawer with integrated pencil tray mounts to underside of surface
- **Note:** Not compatible with tables that use straighteners or troughs
- OCD: Use with single, double pedestal desks or peninsula tops with no modesty
- OCD1: Use with peninsula tops with a modesty

CPU holder
