

Agile

## Activating spaces

Interiors have become more activated and people work where they land. Bouncing from height-adjustable work surfaces to the casual gatherings centered around softer seating, the common need is still power. Inspired by this nomadic affinity, Agile distributes data, power or both to places for individuals and groups. Combine Staks Crossover with Agile to create primary spaces for power and productivity.

Planter box

Tackboard and clamp

Perch pad

## A broad family of solutions

### Thought starters

Pam Light +  
John Duffy

### PLD

Each with more than 30 years of experience in product design, interior design, and dealership purchasing, Pam Light and John Duffy are the perfect team. Just as their partnership requires balance and harmony, they believe that design is the marriage of science and art. Pam and John believe that building spaces

is about making people comfortable, which means products should be made critically, intelligently, and humanely. Their work spans a variety of products, including furniture for corporate, entertainment, hospitality, and healthcare settings.
