

LeanTo

Seek shelter from the norm

Every building has those spaces that people are drawn to for escape. Some are intentional through architecture, while others are more natural based on flow and activity or the lack of it. Nooks, alcoves, corridors, and stairs often present an escape and that's exactly what LeanTo is designed to achieve.

Work tablet

Ganging double work tablet

Markerboard back panel

It's like it was always there

Outfitted to feel like it was built into your space, LeanTo solves for our needs to take back our own attention or to give full attention to others. Similar to individuals, small groups need to escape as well as align and set pace.

A broad family of solutions

Thought starters

Webb Associates

In 1989, after decades working in furniture design, Roger Webb founded Webb Associates a design consultancy based in London. Today, Roger still leads the firm, but now is joined by fellow designers David Lancaster and Tony DaCosta. Webb Associates are known for their ergonomic

expertise and carefully tailored design solutions. Our partnership with Roger and his team has produced some of our favorite product lines, such as Genus, Heya, LeanTo, Obeya, and Kasura by OFS and Hug by Carolina.
