

Room L

Assembly Manual Hardware & Boxes

R O
O M

Meet The Room L

You're about to build room for meaningful conversations and better connections. A space designed for privacy or small group discussions, that inspires a better way to work together.

You can rest easy knowing that the soundproofing materials in this room are made from more than 1,000 recycled plastic bottles. It's our way of doing more by using less, and making room for the environment.

Thank you for being a part of our community. We're so happy you're here.

Now, let's get to work.

Boxes

All boxes are used in sequential order, but many of them share the same number. Take a moment to get everything organized first, and then go one box at a time. Easy, clean and no cardboard chaos.

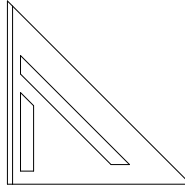

Quantities shown in this manual apply to the curated Room Collection models. Configured Room Collection models may include different quantities of certain components.

What's In The Box

BOX 1 - HARDWARE KIT

Level

Speed Square

17mm Wrench

4" Bit Extender

6mm Hex Allen Key
(Included in Door Hardware Kit)
