

A collection of interior design material samples is arranged on a light-colored, veined marble surface. The samples include a light-colored wood plank, a dark grey fabric swatch, a brown leather-like material with a small hole, a white fabric with a black geometric pattern, a white paper with a grey floral pattern, a white fabric with a grey geometric pattern, a white paper with a grey floral pattern, a white fabric with a grey geometric pattern, and a white paper with a grey floral pattern. A sprig of greenery with small yellow flowers is placed on the right side of the arrangement.

Our purpose

“What you make
people feel is
as important as
what you make.”

Hank Menke

Discover by zone

Moving forward.

As lifestyles and mindsets shift across individuals, families, groups, organizations, and communities, all are searching for confidence in returning to familiar routines and places that are going to be anything but familiar.

We want to walk this path with you so we can make choices together that make people feel safe and productive.

Zone 1

Benefits of layout:

- Acrylic screens around top for extra barrier
- Pass-thru screen in front of user to create personal barrier
- Veneer surfaces with protective top coat that will stand up to the most stringent cleaners
- Open storage for easy wipe down
- Mobile lounge chairs in waiting for user control on distance between people
- Vinyl arm caps on chairs for easy cleaning where hands have touched
- Glass occasional table for durable surface and ease of cleaning
- Laminate wall panels creating additional barrier as well as ease of cleaning
- Equipment rail with sanitizer dispenser on a Staks panel for easy access to sanitizing hands
